

Apollo Hospitals

Problem

- ☑ Wanted to setup WiFi in its hospitals in Delhi/NCR region
- ☑ Cost-effective yet reliable vendor who would provide end-to-end solution
- ☑ Setup simple guest authentication with two-factor login
- ☑ Management and Staff needed separate SSID for hospital administration

Solution

- ☑ Deployed UniBox and UniMax solution for entire campus
- ☑ Customized the login page with Apollo branding and custom requirements
- ☑ Enforced policies to prevent bandwidth and Internet misuse
- ☑ Enabled URL filtering and web logging to prevent offensive websites on the network

Result

- ☑ Patients and guest gave great reviews for the free Internet service
- ☑ Hospital administrator was greatly simplified
- ☑ IT administrator started planning lot of digital initiatives over campus WiFi
